

The 2008 Sun & Moon Cycles Celebrated by All Seasons Chalice & The StarHouse

NOTES ON THE 2008 CALENDAR: When we deepen into ourselves and our potential as a sacred community, we strengthen our service in all directions. Thus in 2008 ASC is offering new *Deeper Ceremonies* for all ASC Members. These special ceremonies are designed to offer deeper spiritual and ceremonial explorations for persons already acquainted with ASC's ceremonial style. Join us in Membership and in the three Member's Only Full Moon *Deeper Ceremonies* and explore the depths in yourself and in our collective potential: June 18th * September 14th * December 12th, 2008.

Astrological Notes & Additional Event Information

✧ All Seasons Chalice and The StarHouse honor the Sidereal (or star-based) astrological system. Thus, when you attend our events you may hear us reference the Sun, Moon and constellations differently than you would expect if are accustomed to the Tropical astrological system.

✧ During January and February 2009, The StarHouse we will honor a period of winter rest and repose for the temple. Sacred actions occur in temples when they integrate and rest; this is also true for the human temple. During this season of rest and repose, our website will list the New and Full Moon correspondences during these months: www.thestarhouse.org.
